683 SRI H. GANGADHARAN (Krishnaraja)—Will the Minister for Municipal Administration be pleased to state ;—

(a) which are the new extensions formed since 1978 in Mysore City;

(b) which are the extensions provided with water, light, and Sanitary facilities ;

(c) is it a fact that some of the areas are not provided with necessary amenities in Mysore City ;

(d) is there any dispute between City Improvement Trust Board and Corporation to provide amenities to the new extensions ?

SRI H. C. SRIKANTAIAH (Minister for Municipal Administration).-

(a) (i) Near Bannimantap for construction of 672 houses.

(ii) Near Sewage Farm in S. No. 132-143 for construction of 243 houses.

(b) 1. Layout Yadvagiri
2. do Saraswathipuram
3. do West of Saraswathipuram
4. do Jayalakshmipuram (Vanivilasapuram)
5. do Jayanagar ;
6. do Bannimantap Extension;
7. do Further layout of Bannimantap
8. do Further Eastern extension of Bannimantap ;
9. do Gokulan-I Stage
10. do N. R. Mohalla
11. do Jalapuri
12. do Old Mahadevapura ;
13. do Karanji Tank I Stage ;
14. do Ittigegud Layout.

(c) No. Formation of roads, cross drainage works, water supply and underground drainage is nearing completion to the following layouts :—

1. Layout of Gokulam II Stage ;
2. do Gokulam III stage ;
3. do Bannimantap I stage ;
4. do Bannimantap II stage ;
5. do Metagalli ;
6. do Bannimantap 'B' layout ;
7. do Bannimantap 'C' layout ;
8. do New Mahadevapura ;
9. do Gayathripuram I stage ;

"Azoola Fertilizer"

716 SRI K. H. HANUME GOWDA (Hassan),—Will the Minister for Agriculture and Parliamentary Affairs be pleased to state

(a) the action taken by the department to popularise the 'Azoola' green manure which is a good organic manure among the ryots.

(b) the benefits available to the ryots from this green manure.

(c) whether fullfledged research has been conducted about this green manure ;

(d) whether research has been conducted for the exploring possibility of giving this 'Azoola' green manure by mixing with the cattle fodder, poultry fodder and fish food;

(e) if so, the result of the same ;

(f) whether the Government intend to give any incentives to ryots in order to popularise the said manure?

SRI K. H. RANGANATH (Minister for Agriculture and Parliamentary Affairs).—

(a) 'Azoola' green manure is being developed in the several seed producing centres of the department in order to utilise the same as manure for paddy crops in the different weather conditions of the State. Since the growth of this manure, which is initial stage of experiment, many problems have cropped up. After all these problems are solved the 'Azoola' crop will be grown in the Demonstration plots of the ryots and then the matter of giving wide publicity will be taken up.

(b) Since this 'Azoola' manure is a natural product, the ryots by themselves can grow this in their land produce 18 K.G. of Nitrogen per acre for the growth of paddy crop. By this Nitrogen manure worth Rs. 60–70 per acre can be saved. In addition it supplies 6 ton per acre of 'savayava manure'.
